

Dear Friends,

We, at Gandhi Medical College as part of GOE (Gandhi Orthopaedic Education) are extremely happy to extend our warm invitation to all for Foot and Ankle Advanced Course and Workshop under the Aegis of IFAS, TOSA and TCOS on 7th July 2024.

GOE (Gandhi Orthopaedic Education) was formed in 2004 with a mission to enhance medical education and research. Until Pandemic, GOE played a pivotal role in shaping Medical Education by conducting comprehensive education programs. Mastering the setbacks now in 2024 GOE is poised to resume its core activities recognizing the needs to prepare budding the orthopedic surgeons for emerging challenges.

The subspeciality of Foot and Ankle has undergone a remarkable transformation in recent years propelled by deeper understanding of biomechanics of Foot, Innovative surgical techniques and technological advancements, emphasizing the need to equip ourselves with skills and knowledge to embrace the evolution.

GOE-2024 aims to enhance our collective knowledge in Foot and Ankle Surgery by including saw bone workshop and valuable insights by esteemed Faculty. Our distinguished faculty comprises senior national foot and ankle experts bringing the wealth of knowledge and expertise to the table with **Special emphasis on MIS, recent advancements and sports injuries in foot and ankle.**

Let's learn, collaborate and advance together with our best foot forward for this enriching event.

With Regards

Dr. B. Valya
Professor & HOD, Course Chairman
